

Hi Everyone,

Since New Jersey schools have been closed for the remainder of the school year, our venue has canceled our June 20th recital. We are still hoping to have the recital during the **last weekend of August**. We hope to have a series of small shows that will allow for social distancing, rather than the large events we usually have. We are also considering all venues, both indoor and outdoor. We are hopeful and excited to put on a show if it is safe to do so.

Recital costumes are ready for pick up! If your child is in a recital dance you can use this link to schedule a pick up time. Please drive up to the studio and pop your trunk for contactless delivery. If none of these times work for you, please respond to this email to make other arrangements. <https://calendly.com/jjda/costumes>

While you are at the studio you can **take a picture with your child's name** in our heart display on the studio windows. Ms. Jen created a beautiful tribute to our students and we love seeing all of your pictures.

The recital finale dance is here! Please click this link for the tutorial: <https://youtu.be/hCQqWEYdPW4>

We would love it if you would send us a video of your children doing the finale dance so we can make a compilation video of all of our students dancing together. I think it would be fun and exciting for the kids to see themselves on video and would be a great representation of our JJDA family. Please send me the video by the end of May so we can put it together in June. Cell phone videos are great for this purpose and you can email them to me at this address.

Please note that we are still running zoom classes as well as our new home learning page on the JJDA website.

Thank you! I hope everyone is doing well.
Jill
